EXPERIENCE

Jr Software Developer Banyan Air Service

04/2018 – Present Fort Lauderdale, FL

Banyan Air is a full-service fixed base operation located at the Fort Lauderdale Executive Airport serving aircraft owners since 1979.

Achievements/Tasks

- Implement JavaScript, Node.js, HTML and CSS to modernize and transform existing RPG green-screen applications into web applications
- Developed the company's first mobile application via the Profound UI Mobile Client, allowing technicians to access data stored on the IBM i server, including the use of image upload and barcode scanning
- Constructed the overall UI design of an MRO Dashboard software used extensively by the maintenance department
- Created and designed custom widgets via the Profound Logic API & framework which allowed IT team to build the UI of applications with ease
- Enrolled in a 3-month ILE RPG and IBM i training course upon hire led by IBM Champion, Jim Buck, and successfully completed both courses with above a 97% grade in each
- Recognized in 3 different IBM Power Systems magazines, including the November 2018 Fresh Faces and May 2019 Snapshot articles
